DANIEL WATABE

Education
Rutgers University
New Brunswick

B.S. In Computer Science
Double Major In Statistics
Expected Graduation: May 2019

Skills
Familiar with:
•C •CSS •HTML •Java •Lua •R •SQL
•Adobe Photoshop
•Combinatorics
•Probability
•Microsoft Office Suite

Coursework
Numerical Analysis in Computing*
Design and Analysis of Algorithms*
Multivariable Calculus*
Information and Data-
Management Systems
Intermediate Statistical Analysis
Intro to Discrete Structures I & II
Computer Architecture
Basic Probability and Statistics
Data Structures
Intro to Linear Algebra
Calculus I & II
Statistics I
General Chemistry I & II
Introduction to Philosophy
(Courses with a "" are currently being taken)*

for complete projects and to
learn more about me.

Experience
AnsrBall Technologies
July 2017-August 2017
•User tested the product through multiple versions to speed up production
•Wrote bug reports with exact steps to replicate the bugs
Funbulous
July 2017-August 2017
•Used social media outlets to reach a few thousand potential applicants on
  English Teaching opportunities.
ROYGBIV Run (IOS & Android App)
June 2017-July 2017
•Designed and developed in Corona SDK with Lua
•3000+ downloads(~50/day) on IOS without the use of marketing
Hot Bagels N More Website
June 2016-July 2016
•Designed and developed restaurant website around pre-existing logo.
•Cleaned up social media after understanding the business owner's values.
•HTML, CSS, Bootstrap and Adobe Photoshop
Kings Supermarkets Cashier and Produce Worker
March 2015 - June 2016
•Defused and remained calm during situations with upset customers
•Caught a customer using a fake credit card; warning surrounding stores
•Closed the produce department on my own, which entailed signing
  off on incoming shipments for various departments, cleaning, and
  properly storing produce to avoid spoilage and bruising.
•First one called to cover shifts for co-workers.
Study Abroad Program in China
July 16, 2014- August 1, 2014
•Administered by the Confucius Institute Of Rutgers University.
•Learned about Chinese culture and language in Beijing and Tianjin.
•This competitive program not only included students from New
  Jersey but students from around the United States.

Awards
1st Place In NJIT Web Design Competition
March 2014
•Designed and developed an educational website in under 10 days with a
  team of three other students.
•Built with Dreamweaver without using pre-made templates.
•Judged on content, functionality and technical competence.
2nd Place EGF League of Legends Rival Series
Spring 2017 - at Stony Brook, NY
•Played shotcaller(support) where I point out objectives that need to be
  taken, protect those who are in danger, and initiate team-fights.

Activities
Member of Undergraduate Student Alliance of Computer Scientists
Member of Rutgers Competitive League of Legends Teams(2015-Present)
